INTRODUCTION

Creative writing is based more on manifestation rather than on expression. It does not inform rather reveals, so it bears no reference. The best creative writing is critical, and the best critical writing is creative. The present article is the outcome of creative writing meant for lay readers. As such free style is the methodology adopted so that pleasure of reading can be enjoyed by the common mass. As you know well that Francis Bacon (1561-1626), the immortal essayist, wrote many essays and notably, *Of Love, Of Friendship, Of Ambition, Of Studies*, etc. The myriad-minded genius rightly pointed out that all the words of the dictionary can be the themes of essays one can write. But little has been done, in this regard since his death, in order to finish his unfinished monumental works. In fact Bacon's way of presentation i.e., his unique style kindled the imagination already in me and encouraged me as well to write essays, in the light of creative writing, thus to get relief through Catharsis.

ARTICLE

Judicious means having, applying, or showing sound judgement. It implies using or showing judgement as to action or practical expediency. It is discreet, prudent, or politic. It is having, exercising, or characterized by good judgement. It is wise, careful, sensible, or well-advised. It is sound in discernment and judgement. It implies showing or having good sense.

Soundness of both body and mind are necessary for judicious decision. Judiciousness is the most precious ingredient of any character. It proves the solvency of the mind. Only a blessed soul possesses it. A man gets it by birth. Constant practise sharpens it. This personality trait isolates a person from common mass. This uncommonness favours the person in every sphere of life from cradle to grave. With this tool the wise always goes ahead and

remains ahead.

A judicious mind always opts for a judicious choice. Conversely, judicious choice confirms the judicious mind. They say, look before you leap. As such before any action judicious thinking is a must. If the mind is not O.K, at any certain point of time, then at that crisis period one should not take any decision or avoid it so that no unwanted situation occurs in future and be infested with negative effect accordingly. A judicious remark confirms the higher status of the person. A judiciously worded letter is praised by all, everywhere and all the time. If the argument of the opponent is based on logic it is enjoyable more than the baseless fallacy of a friend or even of the father.

A judicious selection enhances advancement. Judicious selection of friend is very important in human life. Judicious decision is the outcome of thinking. Sometime it needs deep thinking. Thinking is alias and akin to physical pain. Very few people can bear it. This answers why see very few judicious persons around us.

A judicious child should be guarded carefully. If he gets proper guidance and nurtured in good environment then automatically he prospers in life. But if he is diverted from his objective then he becomes a diverted genius. Then such a diverted genius becomes a misguided missile. Then he becomes either dangerously brilliant or brilliantly dangerous or both simultaneously. Thus his locusstandi is quite unpredictable. But his prediction is flawless. Even God can do any wrong but this Satan commits no mistake at all. He is such a finished scoundrel. But his negative judiciousness is the cause of his utter and untimely downfall. He rises too high and falls too early. Thus his mood and motive are gloriously so uncertain.

A king is honoured in his own country only. But a judicious person is honoured everywhere.

Practical, reasonable, sound, sagacious are synonymous to

judicious.

Judicious, judicial both refer to a balanced and wise judgement. Judicious implies the possession and use of discerning and discriminating judgement. Judicious use of one's time determines one's fate and future as well. Judicial has connotations of judgements made in a courtroom, and refers to a fair and impartial kind of judgement. Cool and judicial in examining the facts confirm the wise judgement that draws respect of all concerned.

Imprudent, silly, unreasonable are antonym of judicious.

Judicious use of time and money is the most important factor. Very few can do that. This answers why successful persons are numbered. Time is more important than money. Money can be earned but never time. This judicious investment of time is liable for or determines rise and fall. Student period is the best time and its use determines the fate. Misuse or wastage of a single moment can hardly be compensated by thousand moments of future. Sorrows and sufferings follow him like shadow. Misfortune dogs him till he breaths his last. They say it is judicious to go to hell with wise persons than to stay at heaven surrounded by fools. It means wise can solve all kind of problems of the world as are faced with but fool cannot. Wise from zero can become hero through his prudence. But fool becomes zero from hero within very short period of time for its very callousness.

Judgement depends on logic rather than magic. In judgement "after careful consideration" is mentioned thus to highlight that the judge has applied his/her mind with due reasoning. Here emotion has no room. There are two types of people. One type is guided by head and the other type is guided by heart. Head stands for motion or reasoning. Heart stands for emotion or innocence. Emotion has no base thereby no brake at all. As such it breaks all barriers and crosses all boundaries with its violent force.

A lover loves. Emotion is the driving force of the lover. A judicious person has no emotion. As such he remains unloved. They say no risk no gain. It implies high risk high gain. A judicious person intends to full gain with zero risk which is next to impossible. Thus the judicious fiancé remains deprived from the warm touch of the fiancée.

CONCLUSION

Every foot step of a judicious brain is based on reasoning. With the power of reasoning he can tackle any situation, as is faced with, of hard reality and wins the same accordingly. He becomes knowledgeable person with the passage of time. On the other hand an emotional heart is afraid of facing hard reality. He behaves like a person of nineteen years even attaining the age of ninety. He is so immature. But the person having judgement is an expert. Through expertise he wins everywhere. Here lies the secrecy of the triumph of the judicious person.
