### INTRODUCTION

Creative writing is based more on manifestation rather than on expression. It does not inform rather it reveals, so it bears no reference. The best creative writing is critical, and the best critical writing is creative. The present article is the outcome of creative writing meant for lay readers. As such free style is the methodology adopted so that the pleasure of reading can be enjoyed by the common mass. As you know well that, Francis Bacon (1561-1626), the immortal writer, wrote many essays, and notably "Of Love", "Of Friendship", "Of Ambition", "Of Studies", etc. The myriad-minded genius rightly pointed out that all the words of the dictionary can be the themes of essays one can write. But little has been done, in this regard since his death, in order to finish his unfinished monumental works. In fact Bacon's way of presentation and his unique style kindled imagination and inspired me to write essays, in the light of creative writing, thus to get relief through Catharsis.

### ARTICLE

Sacrifice is to lose or give up something for the sake of something more important or valuable to the concerned individual. Cooperation is doing something or working together for a common purpose. It is the willingness to be helpful and do as one is asked.

Generally we cooperate but seldom sacrifice. In fact cooperation is mundane sacrifice is divine. Patriots sacrifice their lives to serve the ailing humanity and sometimes to free their motherlands from the foreign rulers thus to get independence. True patriots seldom expect return. Thus their lives remain mysteriously unknown having collection of said and unsaid stories.

Common people cannot distinguish between sacrifice and cooperation. A man cooperates just to satisfy his egoistic attitude or for future return. Goodness of a character insists to cooperate. And greatness inspires to sacrifice. Since greatness is a rare virtue, we notice very few great people around us who are ready to sacrifice.

Suicide is the action of killing oneself intentionally. Those who do not know the sweet side of life commit suicide. It is a mental disease. Such a patient first vacillates then determines to commit suicide. When he becomes the victim of determination then he cannot look back and thereby save himself. He is not in self. So he is selfish. As such he permanent punishment to his well-wishers.

### CONCLUSIONS

Very few persons can welcome hurdles of life. In fact it needs great mental ability to tackle the awkward situations of life .Everybody repents for the departed soul. But when the man is alive no sympathy touches the unfortunate heart. This indifference compels the victim to think differently and he sacrifices his life through suicide. In fact nobody wants to die. But situation compels one to say good bye.
